

Proposal for:

**The Acquisition of Throw Weapons Equipment and Target Construction Materials
for use by the Barony of Caer Mear utilizing Baronial Funds**

Presented by:

**Warranted Thrown Weapons Marshal and Baronial Thrown Weapons Champion
Lady Rose Eileen Robertson (mka Anne Roberts)**

At the suggestion of the baronage and the baronial officers I am presenting this proposal to be considered. This proposal details the estimated cost (and proposed purchase venue) to obtain barony level loaner thrown weapons and related maintenance gear as well as materials to be used to construct additional thrown weapons targets and target stands. The use of these items would be for the purpose of hosting throw weapons martial activities at official SCA events (baronial or otherwise) as well as for having baronial thrown weapons practices. The use of the thrown weapons as loaner gear outside of such activities would be at the discretion of the baronial thrown weapons marshal(s) with permission from the seneschal or baronage.
