Statement by MOAS: There are reporting requirements for kingdom with every A&S activity, with special requirements for events. Our non-profit educational status relies upon these reports. It is not a small thing.

With the notable exceptions of Mistress Magda and myself, not one single event during my tenure has had a complete report. This isn't a guideline or personal whim. It's a requirement for kingdom.

Tonight, I asked a member of my staff to complete the reporting for an upcoming event. They refused. This is unacceptable, and is being moved up the chain. They are no longer a staff member.

Some of you may not know that I took this job because the previous officer was being bullied. She was undermined, worked around, gossiped about and routinely given insult regarding her office. This has continued during my tenure. It is not my first time as MOAS for Caer Mear, but it is completely different. This change flies in the face of kingdom policy and the behavior we expect of gentles in our society.

Kingdom has been aware of our troubles for the past few months. I would like to add that I will be stepping up as Southern Regional MOAS shortly.
